Application period

In order to close a road for your event, you will need to give us:

- at least 6 months' notice when applying for a motorsport event
- at least 3 months' notice when applying for an event such as a carnival, parade, fun day etc.

This will allow us time to review your proposed traffic management and safety arrangements.

Payment

The cost of all applications is **£275**

You are **not** required to make payment at the time of application. Upon receipt your application will be assessed and will undergo initial checks and approvals. Within a few days you will receive an 'Approved in principle' email that will provide you with a unique reference commencing **RCO** and the requirement to now pay via:

Sort Code: **55-91-00**

Account number: **12545376**

Account Name: **IOM GOV DEP OF INFRA**

Quoting reference: **Event Name**

Your application will not be processed further until such time as that payment is received. Additional details regarding payments can be found in the document: 'Temporary Traffic Regulation Notice – Application guidance' found on our website.

What happens next?

We will consider your application and assess the feasibility of the closure and proposed diversion route(s).

You will need to demonstrate that you are competent to organise the event that is proposed.

You must provide the following documents by the target submission date specified. You can email these to highwayregulations.doi@gov.im

Documentation	Requirement	Target Submission Date
Public Communication Plan	You must demonstrate how you intend to consult or notify those who may be affected by your road closure(s). For example, Local Authorities, Fire, Ambulance, Police, Public Transport, Churches, Ports, businesses, residents, MHK's etc.	Not less than 8 weeks before the event.
Event Safety Plan (Draft is acceptable)	Please view a model template .	
Traffic Management Plan	Plan of area to be closed, and to include the positioning of any signage you will be using to inform traffic of a closure.	
Risk Assessment	Identifying potential hazards and precautions to be taken to ensure the safety of all.	
Licences/Permits (if applicable)	Only required if there will be alcohol, fireworks, music etc.	Not less than 4 weeks before the event.
Copy of Public Liability Insurance	We will not approve a closure without it. We accept £5m for small events and ask for £10m for larger events.	

NOTE: It is the responsibility of an organiser to provide the documentation by the timelines specified. A failure to adhere to the timelines may jeopardise your proposed road closure.

Highway Services is not responsible for chasing an organiser for any outstanding documents and accepts no liability should a road closure not be approved.

Further conditions

Highway Services must discharge its duties responsibly. Accordingly, it has the authority to refuse an application and reserves the right to withdraw its approval for a road closure at any time before or during the event. The reasons why this might occur include:

- Applications are not received in time;
- Failure to comply with any conditions, actions or timelines agreed;
- Traffic management or safety concerns have not adequately been addressed;
- A partner such as the Police will not support the application;
- Any actions that have potential to damage the reputation of Highway Services, another Department of Isle of Man Government or the Isle of Man;
- Any individual or body seeking the closure is a debtor to Isle of Man Government;
- Failure to sufficiently consult and engage with those affected and communicate event plans;
- Significant objections arise;
- A permit is not issued by a relevant governing body;
- Emergency works are required that affect the route or key alternative routes.

Please explain why this road closure / traffic restriction is necessary*

Gran Fondo Isle of Man is an international event and the Island's premier mass participation sporting occasion.

Gran Fondo (Isle of Man) Ltd will professionally manage the risks to competitors and spectators when delivering this event. It is for that reason that road closures and traffic restrictions are once again requested.

The road closures have been considered in relation to usage and disruption to resident's normal routine.

There are a number places where road closures could have been applied for but this would mean severe disruption to the residents and gain little for the event. There has been a considered balance between what is needed for the event and what is practical for the Islands population in making these applications.

Formal and informal consultation takes place with a range of stakeholders as part of the course design process. This includes local authorities, regulatory bodies, impacted businesses, sporting associations and clubs and public transport operators.

A public relations blitz with local residents is scheduled to take place in the weeks leading up to the event to minimise the impact the event has to locals and to proactively deal with any issues and/or special arrangements that may be required to be implemented.

The organising team delivering the event and managing the road closures has extensive experience in this regard from events such as the Isle of Man TT Races and Manx Grand Prix as well as nine years' worth of experience delivering extensive road closures across the Isle of Man Cyclefest and Gran Fondo Isle of Man events.
